

Business Perpetuation & Life Insurance Planning

DUNCAN FINANCIAL GROUP

“

We want to thank Duncan Financial Group for the peace of mind that you provided us in crafting our business perpetuation plan. We were familiar with some of the services your company has already provided to Duda Cable and felt more than confident in working with and trusting your guidance on future planning and life insurance on a more personal basis.

We are glad that you have shown great interest in both business and personal matters by honest suggestions and opinions. Everyone needs a little push to get these matters put in order, as we don't know from day to day what may happen.

An important lesson learned here is that it doesn't have to be as difficult: who you choose to help you is very important, and knowing they have your best interest in mind and heart.”

~Mark & Suzy Duda
